HP Compaq t5135 Thin Client

The simple solution at our best price.

Gain a competitive edge with our simplest and most affordable thin clients! Designed for server-based computing solutions in ICA and RDP environments, you will experience desktop-like performance in task-oriented work environments such as general office, medical, financial, educational, government, and call centers.

HP thin clients lead the way with proven business technology for maximum security and lower ownership costs, and are easy to buy, deploy, and manage with a great price-performance ratio.

Simplicity

- Run your HP t5135 in the familiar mode with settings stored locally, or run it in a "stateless" mode. Take the unit out of the box, attach it to the network, and it downloads settings automatically. Our easiest client ever to deploy and manage. Perfect for office environments with open seating.
- HP ThinConnect provides easy setup and access to remote connections.

Improved manageability

- Manage thin clients, PCs, and servers end-to-end without a vendor's proprietary management tool through the industry-standard Altiris Deployment Solution (full license included with every HP thin client).

- The HP-exclusive, built-in ThinState Tools allow you to make changes to settings on one "master" client, capture the new settings on a USB flash drive, and then easily deploy it to "target" thin clients.
- Upgrade images with HP thin client FTP and DHCP image update.

Better security

- Store critical user data and applications on the secure, centralized server.
- Two USB ports in a secure compartment help prevent theft with USB options hidden inside and out of your way. Great for safeguarding USB wireless devices.

Reliability

- Enjoy years of reliable use with solid-state design and industry-standard architecture.

Global sales and support

- The HP Compaq t5135 Thin Client is backed by HP Global service and support through our network of 50,000 IT pros in over 100 countries.

Hardware features overview

Processor	Via Eden 400 MHz
System memory	128 MB (16 MB reserved for video)
Flash memory	64 MB
Video	16 MB UMA shared video memory Maximum video resolution is 1600 x 1200, 24 bit @ 60 Hz
USB ports	8 – USB 2.0 (2 in front, 4 in back, 2 in secure compartment to prevent theft)
Serial/parallel ports	1 serial and 1 parallel
PS/2 ports	2 PS/2
Audio	• Mic In/Headphone Out (ports in front) • Internally amplified speaker, full 16-bit stereo, 44 KHz sample rate
Networking	• TCP/IP with DNS and DHCP support • 10/100 BaseT Fast Ethernet, twisted pair (RJ-45) • Direct Connection through Point-to-Point over Ethernet (PPPoE) • Layer 2 Tunneling Protocol (L2TP) • Wake on LAN • PXE

Accessories

USB wireless	HP4050
Kensington lock	PC766A
HP Quick Release	EM870AA
AC adapter	DZ991A
Dimensions	18.57 x 18.57 x 5.24cm (7.31 x 7.31 x 2.06 in) – without stand Stand adds 1.9 cm (0.75 in) to height.
Weight	1.3 kg (2.9 lbs) – without stand Stand weighs 30 g (~1 oz)
Warranty	Limited 3-year hardware warranty

Operating environment

Operating temperature range	50° to 104° F (10° to 40° C)
Non-operating temperature range	-22° to 140° F (-30° to 60° C)
Humidity	20% to 80% condensing/10% to 95% non-condensing
Power	Worldwide Auto-sensing 100-240 VAC, 50-60 Hz

Software image features overview

Simplicity features	• Stateless, locked-down client downloads user settings for the duration of session • HP ThinConnect user interface provides easy setup and access to remote connections • USB Automount simplifies mass storage connections
Server OS compatibility/support	• Citrix Presentation Server 4.0 • Citrix Metaframe Presentation Server 3.0, Citrix Metaframe XP Presentation Server • Citrix Metaframe 1.x • Windows 2000/2003 Server families • Windows 2000/2003 Server Terminal Services • Windows 2000 Advanced Server, Windows 2000 Advance Server Terminal Services • Microsoft® Windows® NT 4.0 Server • Windows NT 4.0 Terminal Server Edition
Security features	• Locked down administrator and user passwords • Remote BIOS configurability to lock down ports
Manageability and deployment	• System manageable through Altiris Deployment Solution • HP ThinState Tools allow you to make changes to settings on one "master" client, capture the settings on a USB flash drive, and then easily deploy it to "target" thin clients. • FTP & DHCP image update feature
Client software	• Altiris manageability agent (full version) • HP ThinState Tools for easy deployment HP ThinConnect with auto-start and/or restart of connections capability • Citrix ICA 9.x • Citrix PN Agent • rdesktop RDP client (1.4.1) • Thinprint TCP/IP Client for local printing • VNC shadowing allows IT professional remote control of system
Local operating system	• HP ThinConnect

Care Packs

331653-001; U4847E	9x5 Next-Business-Day[2] Advanced Exchange – 3 years
331655-001; U4849E	9x5 Next-Business-Day[2] on-site coverage – 3 years
